**THINK LIKE A LEADER**

# #1: Align with the mission

## Examples

1. “Create a moral space for deliberation”
2. Policy, education, consultation

# #2: Set concrete goals

## Examples

1. End-of-life discussions in ICU
2. Psychological safety

# #3: Apply QI methods

## Examples

1. Informed consent
2. Consultation requests

# #4: Get the right people

## Competencies required

- Critical thinking
- Emotional intelligence
- Ethics knowledge
- Process skills

# #5: Build a culture of ethics

“Leaders need to treat ethics the same way they treat other organizational priorities. That is, they need to utilize all the tools at a leader’s disposal to influence organizational performance.”

- Fox et al, 2007

**THINK LIKE A LEADER**

**MAKE ETHICS A PRIORITY**
