

Call for Proposals

Seed Money for Clinical Research Cooperations

The Swiss Academy of Medical Sciences and the «Velux Stiftung» offer **seed money** to establish partnerships and cooperations with **developing countries** in the field of **clinical research**.

Seed money up to CHF 20'000 per project can be spent for:

- Feasibility studies and joint planning meetings
- Establishment of a project draft
- Travel of project partners

All seed money proposals will undergo peer-review with regard to relevance, scientific merit and potential of mid- to long-term partnership.

Conditions:

- Equal partnership between partners from North and South (according to the 11 principles laid down in the KFPE guidelines)
- Make use of individual strength
- Win-win situation for all partners
- Common funding; a major part of project funds should be invested in the South

The proposal should include:

- Project description (max 5 pages)
- Statement of commitments of partners from the South
- CV's of principal investigators from North and South
- Budget outline

Closing date is December 31, 2009.

Please send a pdf-file including all application documents to mail@samw.ch and a signed cover sheet including your complete name and address by fax to +41 (0)61 269 90 39.
